*Assistant Secretary to Government.*

Fort St. George, October 14, 1927.

(G.O. Nos. 3473, & 3474.)

No. 1263.—In exercise of the powers conferred by clause (4) of sub-section (1) of section 22 of the Madras Hindu Religious Endowments Act, 1920, (Act II of 1927) and in modification of notification No. 736 of Part I-A of the Fort St. George Gazette, dated 24th June 1927, the Local Government are hereby pleased to vary the strength of the Raman District Temple Committee and fix it at 10.

Port St. George, October 11, 1927  
(G.O. M.O. No. 2335, L. & M.).

No. 1561.—The Board of Commissioners for Hindu Religious Endowments brings to the notice of the Government that the Sri Rameshwaram temple at Vankaroda, Guntur district, the gross annual income of which is less than Rs. 250 and which is thus outside the scope of the Hindu Religious Endowments Act, 1920 (Act II of 1927), is in a state of disrepair, not being managed by a trustee in responsible charge thereof. As the temple has a high local tradition and is greatly resorted to by a large number of pilgrims, the Board requests the Government to apply to the temple all the provisions of the Act, except section 69 (1) relating to the levy of contribution towards the expenses of the Board, so that provision may be made for the proper management of the temple. Before issuing a notification under the proviso to section 4 of the Act as suggested by the Board, the Government desire to know whether any worshipper or person interested in the temple has any objection to sign against the application of the Act. If no valid objection is received by the Government within a month from the date of publication of the notification in the District Gazette they will proceed to issue a notification under the proviso to section 4 of the Act applying all the provisions of the Act except section 69 (1) to the said Sri Rameshwaram temple at Vankaroda, Guntur district.

Port St. George, October 11, 1927  
(G.O. M.O. No. 2027, L. & M.).

No. 1562.—The Board of Commissioners for Hindu Religious Endowments brings to the notice of the Government that the Sri Venkateswaram temple, Dhalapalle, Srisaipalle taluk, Guntur district, the gross annual income of which is less than Rs. 250 and which is thus outside the scope of the Hindu Religious Endowments Act, is greatly in need of repair (including its compound wall, Dwargachambam, &c.) it is essential that steps should be taken to ensure its proper management and that its income is likely to increase under better management. The Board accordingly requests the Government to apply to the temple all the provisions of the Madras Hindu Religious Endowments Act, 1920 (Act II of 1927) except section 69 (1) relating to the levy of contribution towards the expenses of the Board. Before issuing a notification under the proviso to section 4 of the Act, as suggested by the Board, the Government desire to know whether any worshipper or person interested in the temple has any objection to sign against the application of the Act. If no valid objection is received by the Government within a month from the date of publication of this notification in the District Gazette, they will proceed to issue a notification under the proviso to section 4 of the Act applying all the provisions of the Act except section 69 (1) to the said Sri Venkateswaram temple, Dhalapalle, Srisaipalle taluk, Guntur district.

Port St. George, October 11, 1927  
(G.O. M.O. No. 2022, L. & M.).

No. 1563.—The Board of Commissioners for the Hindu Religious Endowments brings to the notice of the Government that the Sri Ananthaswamy temple, Vankaroda, Guntur district, the annual income of which is less than Rs. 250, is now in the hands of the priest and that there is no trustee actually managing it. As the temple is so important and the Board suggests that with a view to provide for the proper management of this temple all the provisions of the Hindu Religious Endowments Act, 1920, except section 69 (1) relating to the levy of contribution towards the expenses of the Board, may

be applied to it. Before issuing a notification under the proviso to section 4 of the Act as suggested by the Board, the Government desire to know whether any worshipper or person conducting service at the temple has any objection to sign against the application of the Act. If no valid objection is received by the Government within a month from the date of publication of this notification in the District Gazette, they will proceed to issue a notification under the proviso to section 4 of the Act applying all the provisions of the Act except section 69 (1) to the said Sri Ananthaswamy temple, Vankaroda, Guntur district.

Port St. George, October 11, 1927  
(G.O. M.O. No. 2021, L. & M.).

No. 1567.—The Board of Commissioners for Hindu Religious Endowments brings to the notice of the Government that the temple of Sri Chennakesava and of Sri Adwaita Brahmaswami at Kuremer village, Repalle taluk, Guntur district, the annual income of which does not exceed Rs. 500 in either case, are at present in a condition of neglect and disrepair and that it is necessary to take steps to secure their better management as desired by the villagers, there being no other temples in the village. The Board therefore requests the Government to apply to the temple all the provisions of the Madras Hindu Religious Endowments Act, 1920 (Act II of 1927), except section 69 (1) relating to the levy of contribution towards the expenses of the Board. Before issuing a notification as suggested by the Board under the proviso to section 4 of the Act the Government desire to know whether the trustee of, or any worshipper at, the temple has any objection to sign against the application of the Act. If no valid objection is received by the Government within a month from the date of publication of the notification in the District Gazette, the Government will proceed to issue a notification under the proviso to section 4 of the Act applying all the provisions of the Act, except section 69 (1) to the temple in question.

As it has not been found possible to complete the elections of councillors before 31st October 1927 the Government direct under sub-section (4) of section 41 of the Madras District Municipalities Act, 1919, that the reconstitution of the Tadipatri Municipal Council be postponed till 1st December 1927.

Port St. George, October 18, 1927.

SUGARCANE CROP OF THE SOUTHERN PORTUGAL  
REPORT

[On an average of the five years ending 1923-24, the area under sugarcane in the Madras Presidency has represented 4.5 per cent of the total area under sugarcane in India.]

The area planted with sugarcane in the Madras Presidency up to the end of September 1927 is estimated at 141,500 acres as compared with 149,300 acres at the corresponding date of last year, or a decrease of seven per cent. This reduction in area occurs in most districts and is due to the partial

failure of the North-east monsoon during the previous year, and to the scarcity of water in irrigation canals at planting time.

2. The crop has suffered slightly from drought in South Arcot and Chittoor. The condition of the cane is now fairly good in the other districts and a normal yield is expected if the season is normal. On the remaining portion of the growing period. On this basis, the yield is estimated at 287,400 tons of sugarcane against 313,500 tons at the corresponding date of last year.

3. Figures by districts are given below:—

[Area in hundreds of acres, &c., to being omitted; yield in hundreds of tons of sugarcane, &c., to being omitted.]

## GOVERNMENT CROP OF IND-THIRD REPORT.

[On an average of the five years ending 1923-24, the area under government in the Madras Province has been represented 41.5 per cent of the total area under government in India.]

The area sown with government up to the end of September 1927 is estimated at 2,412,980 acres as compared with 1,978,306 acres in the corresponding date of last year or an increase of 43 per cent. The area sown so far is greater by eight per cent than the area in 1925-26 which was the highest reported in any previous year.

3. The increase in area in general and is due to good sowing time and fairly remunerative prices in recent years. The greatest increase was in Coimbatore,

the Deccan, South Arcot, North Arcot, and Travancore. In Coimbatore, Kurnool, Bellary, Chittoor, North Arcot and Coimbatore, the area sown so far has exceeded from the first year in any of the previous years. In Coimbatore, the area has rapidly risen from 2,126 acres in 1915-16 to 128,060 acres in the current year.

3. The harvesting of the summer crop and yearly crop has been completed.

In Coimbatore and Travancore, the condition of the winter crop has been affected by heavy rains before flowering. In Bellary and South Arcot, the crop has been affected by drought. The condition of the crop is generally good in the other districts.

Madras, 12th October 1927

## GROSSLY CROPPED OF 1911-26—SECOND REPORT

[On an average of the five years ending 1925-26, the area under paddy in the Madras Presidency has represented 1.28 per cent of the total area under paddy in India.]

The area sown with paddy up to the end of September 1927, is estimated at 527,700 acres as compared with 213,500 acres cultivated at the corresponding date of last year, or an increase of 45 per cent.

9. The increase in area occurs in most districts and is due to timely sowing rains. The greatest increase in area is found in West Godavari, Chingleput, South Arcot, North Arcot, Salem,

Coimbatore and Trichinopoly where the area has risen to 227,600 acres as compared with 74,500 acres at this time last year.

3. The early sowing in the Coimbatore has been hampered. In Chingleput and Villuputur, the crop was waterlogged and damaged owing to too frequent rains. In Godavari (East and West), the crop suffered from insect pests. The yield was therefore below normal.

The crop has suffered slightly from drought in Bellary, Chittoor and North Arcot. The condition of the crop is fairly satisfactory in the other districts.

4. Figures by District are given below:—

## PADDY CROP OF 1915-16—FIRST HARVEST.

(On an average of the five years ending 1915-16, the area under paddy in the Madras Presidency has represented 12½ per cent of the total area under paddy in India.)

The area sown with paddy up to the end of September 1917 is estimated at 7,448,000 acres as compared with 6,993,000 acres estimated on the corresponding date of last year, an increase of 7½ per cent.

2. The increase in area is mainly in the Cinner and Eastern. There has been a reduction in area in the

Deccan, N.-Gode, Chittoor, North Arcot, Ramanad, and Malabar.

3. First crop paddy has been harvested on the West Coast. The yield is slightly above normal.

The harvest of first crop paddy has just commenced in Bangalore, Madras and Tanjore. The yield is expected to be normal, except in Tanjore where the crop has suffered from water scarcity. The condition of the crop is fairly satisfactory in the other districts.

## COTTON CROP OF 1927—SECOND FORECAST

[On an average of the five years ending 1922-23, the area under cotton in the Madras Presidency has represented 16.5 per cent of the total area under cotton in India.]

The area under cotton up to the end of September 1927, is estimated at 849,366 acres as against 724,303 acres on the corresponding date of last year, or a decrease of about 7 per cent.

3. The area in the South and the Central Districts relative partly to last year's crops and partly to the new crop the savings of which have not commenced. There has been a large reduction in the area under

last year's crops in Madras,hammad, Travancore, and Tinianipally.

There has been a reduction in area in Bellary due to the poor rainfall in August, but this is more than counterbalanced by the increase in area in the rest of the District, especially in Kurnool.

In Kistna, the area fell from 25,546 acres in 1926-27 to 24,000 acres in the season was late by a fortnight but sowings are proceeding and the deficiency in area is likely to be partly made up by the time of next forecast.

3. The condition of the crop is generally fair.

4. Figures by districts are given in the statement below:—

[Area in hundreds of acres, (A, 96, being rounded)]

Bills to be introduced in the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations.

Under rule 18 of the Madras Legislative Council Rules, the following Bills, together with the Statement of Objects and Reasons, are published for general information:—

(1)

BILL No. 21 OF 1927.

*A Bill to amend the Madras Hindu Religious Endowments Act, 1926.*

WHEREAS it is expedient to amend the Madras Hindu Religious Endowments Act, 1926, it is hereby enacted as follows:—

1. This Act may be called the Madras Hindu Religious Endowments (Amendment) Act, 1927.

2. To section 23 of the Madras Hindu Religious Endowments Act, 1926 (hereinafter referred to as the said Act) the following proviso shall be added, viz.

"Provided that, if, for any reason, elections to such new committees are not held at the expiry of the period fixed under this section, the Local Government may make

fresh appointments thereto for such periods not exceeding one year at a time as they may fix up to a maximum of two years. An outgoing member shall, if otherwise qualified, be eligible for reappointment.

3. In rule 1 of Schedule III to the said Act, for the words 'one year' the words 'three years' shall be substituted.

#### STATEMENT OF OBJECTS AND REASONS.

Elections have to be held to new committees, constituted under the Madras Hindu Religious Endowments Act, the first members of which were appointed for a period of one year with reference to section 22 of the Act. That period expires on or before 1st November 1927 in the case of eight Committees. Electoral rolls have to be prepared before elections can be held to these committees. There are difficulties in the way of electoral rolls being prepared and elections being held before the expiry of the terms of office of the appointed members. Further most of the Committees are at present unable to meet the election expenses. In these circumstances it is proposed to take power to appoint the members of the Committees for a further period of two years.

The opportunity is taken to amend rule 1 of Schedule III to the Act so as to extend similarly the term of office of members of old committees\* which have not been reconstituted under the Act.

\* There are three such committees Thejiam, Kappalam, and Madam temple existing in December 1927.

#### STATEMENT OF OBJECTS AND REASONS.

The experience gained of the working of the Madras University Act of 1921 during the last four years has shown that the Act in its need of amendment in several particulars. The increase in the number of University authorities has not needed, as was

helped, either in the rapid development of University activities or in the furtherance of special schemes already under consideration. On the other hand, much delay has been caused in the consideration of proposals, either by the Syndicate or by the Senate, owing to the number of authorities to be consulted. The individual powers of the various University authorities require more careful definition in order to avoid the contradictions and duplications which appear in the present Act. The exact relationship of the Senate to the other authorities of the University needs to be more clearly indicated in order that the other authorities should neither be unduly interfered with in the exercise of their special functions nor permitted to undertake duties and exercise rights which obviously should be vested in the supreme governing body of the University. The Act of 1934 largely increased the membership of the Senate and it has been felt that such a large body is neither necessary in the interests of sound administration nor effective as an authority which is required to carry through a large volume of work speedily and efficiently. The enlargement of the membership of the Syndicate also has not resulted in any special advantage to the working of the University. The Council of Affiliated Colleges, which was brought into existence in order to further and safeguard the interests of colleges situated outside the limits of the University, has not, in any appreciable extent, forwarded the development of University activities in regional centres, but has, on the other hand, created an unnecessary complexity in the working of the administrative machinery. The constitution of the Academic Council is in need of revision in order to secure more adequate representation of the persons best qualified to give advice on matters concerning all branches of learning. The absence of provision for the appointment of a Standing Committee of the Academic Council, and for the delegation of the powers of the various authorities to committees of themselves has also caused considerable inconvenience. The other defects in the Act of 1923, which may be briefly noted, are the absence of certain essential definitions, the obscurity of the language of some of the sections and the omission of certain necessary provisions such as those concerned with the appointment of University officers and teachers, the power to withdraw affiliation and the power to manage institutions established by the University. It is hoped that the present Bill, which reduces the number of the authorities of the University, recognises the contribution of the Senate, the Academic Council and the Syndicate and defines clearly and precisely the duties and powers of each of the University authorities, will not only succeed in eradicating the difficulties experienced in the working of the Act of 1923 but will also enable the University to develop more rapidly and more successfully along the lines indicated in the preamble to the Act of 1923.

## BUREAU RECORD—AUGUST 1927—Continued.

During the month the average retail prices of food grains were fairly steady. The only material variations were a fall of 5 per cent in the price of rice in South Kansas, of rice in Hiliary and of corn in North Arnot and Combsboro. The rise of 12 per cent in the price of corn in Erie was due to the fact that the grain which was not available for sale at Neandown in July was available there at a comparatively high price in August.

Prices in October were generally higher than in August 1922. The price of rice was however, lower by 13 per cent in Trichinopoly and by 32 per cent in South Kanara and that of cotton by 11 per cent in Tinnevely.

Prices were higher by 15 to 20 per cent for sizes in Cuddapah, Nellore, Chittoor and Chittoor, for sizes in Vengaloor, East and West Godavari, Guntur, Rayachoti, Anaparthi, Cuddapah, Nellore, Chittoor, Madam, Banded and Ponnur, for sizes in East and West Godavari, Eluru, Guntur, Kurnool, Anaparthi, Nellore and Timmerly and for sizes in East Godavari, Guntur, Anaparthi, Nellore and Chittoor.
